Private Label Supplements.....	29-43

TERMS & CONDITIONS

NEW CUSTOMER REQUIREMENTS

We require new customers to provide both a resale tax ID number (if required by your state) and a Healthco New Account Credit Application, prior to the first order.

MINIMUM ORDER REQUIREMENTS

Bulk materials: \$1000.00 minimum per sku if requesting only Certificate of Analysis and Specification sheet. Any other document requests require \$5000.00 minimum per sku. Need to be ordered in even case packs.

Private Label inventoried supplements: 24 units per SKU, \$195.00 for free Ground shipping.

PAYMENT TERMS

Healthco accepts COD Check, Bank Transfer, Visa, Mastercard & Discover for payments. Net 30 Credit terms are also available upon request. All applications are subject to approval. COD orders less than \$750.00 will include a \$9.00 COD charge. Please see your inside sales representative for details.

PRICING & PACKAGING

Because prices fluctuate with the market, prices are subject to change. Pack sizes may vary per case and are subject to change. Please ask your sales representative for current case quantities and current pricing information.

LEAD TIMES & AVAILABILITY

Many items are kept in stock and will ship within 5-7 business days. Lead times of catalog and non-catalog items may vary; please check with your sales representative.

SHIPPING & FREIGHT

Preferred shipping is via FedEx Ground. We are also able to accommodate alternate shipping requirements via UPS (Illinois warehouse only), FedEx Air, or Common Carrier. Bulk materials are FOB Bloomingdale, IL.

SALES & CUSTOMER SERVICE

Toll Free: 1-800-477-3949

Local: 1-630-545-9095

Fax: 1-630-545-9080

BULK FINISHED GOODS AND RAW MATERIALS

All bulk goods must be purchased in full case quantities. Case pack size varies with each item and this is subject to change. Nutritional profiles and product specifications for each item are available upon request. Healthco introduces formulas on a regular basis, so check with our Inside Sales Department for case sizes, special sales, and technical information.

PRIVATE LABEL SUPPLEMENTS

MINIMUM ORDERS

Unlike other private label organizations, Healthco makes it easy to get started with marketing your own custom line of quality supplements. Our low 24-bottle minimum on catalog items allows you to gradually build your line at your pace, not someone else's. Non-cataloged items may require a 500-1000 bottle minimum. For more information on minimum orders, availability and discontinued products, talk to your account manager.

PERSONALIZATION

Make your line jump out at customers by selecting from any of our attractive stock labels. Our design collection includes a variety of styles and schemes, ranging from traditional to contemporary, each sure to catch the eyes of consumers. Our graphic design team can tailor each label with your product name, distribution information, suggested use, professionally written copy and detailed supplement fact panels. By utilizing our experience and expertise, your finished product will be a true reflection of you and your company's image.

GRAPHIC SERVICES

We have several graphics options for you to choose from.

STOCK LABELS: We offer 33 different stock label designs for you to choose from (These designs are located in the back of our Private Label Catalog). This is the most complete turnkey option for your business to get started worry free. There is a one-time graphics fee of \$175 for this service, and you can rest assured that we will automatically update your labels with the most current information, and keep your labels compliant. Any Art changes requested after three drafts or additional designs will incur extra charges.

YOUR DESIGN: If you would like for us to work with your current label design or company logo, simply send us your artwork in a Macintosh compatible format, preferably Quark or Illustrator. There is a \$350 fee for this option. In the event that your project requires any major label revisions, additional fees may apply; please see your account manager for details. Any Art changes requested after three drafts or additional designs will incur extra charges.

FINISHED LABELS: You may also choose to provide your own finished pressure sensitive labels. We do require that our QA Department review your label to make sure that it is compliant with the most current regulations. The fee for this service is \$350.

These fees are one-time fee, and not per-SKU fees. All graphics fees must be paid in advance, before we begin the label design and/or approval process.
